

ProntoForms Joins the AppConfig Community

Development framework standardizes the deployment and management of secure mobile solutions in the enterprise

OTTAWA, Ont. - February 23, 2016 - ProntoForms Corporation (TSXV: PFM), a leading provider of mobile data collection and analytics platforms for enterprises and small to medium sized businesses, today announced that the company has joined the AppConfig Community. The community's mission is to establish a common approach for enterprise app configuration and security based on native OS standards. Now customers can more easily secure and deploy ProntoForms across any Enterprise Mobility Management (EMM) vendor without additional development required.

"We're pleased to join the AppConfig Community of mobility partners as the framework will provide our growing base of enterprise customers with a simplified approach to deploying secure and scalable solutions for mobile workforces," said Alvaro Pombo, CEO and Founder of ProntoForms. "It will also enable us to reach new enterprise customers who are planning to deploy these integrated cloud and mobile solutions."

"ProntoForms customers today enjoy a seamless digital workflow where field data is transmitted, shared and accessed in real time between mobile devices, online services, and analytics systems," continued Alvaro Pombo, CEO and Founder of ProntoForms. "As members of the AppConfig Community, we will make it even easier for customers to manage all aspects of our solution, and we look forward to working closely with AirWatch, VMware and other AppConfig Community EMM vendors and app partners to leverage the new standard and deliver mobile solutions with best-in-class usability, security and scalability to all ProntoForms enterprise customers."

ProntoForms joins a growing list of AppConfig partners. Full list is available here: <https://appconfig.org>
